

PERFORMANCE, SAFETY AND STABILITY, HYGIENE AND EASY CLEANING IN CONFINED SPACES.

The Samag EGO Inox XS pallet stacker truck is made of stainless steel or non-corrosive material, therefore intended for use in environments where cleanliness and hygiene are essential conditions and where there are corrosion problems.

This model has the possibility to apply a camera on the forks that allows the driver to check the truck's movement through an integrated display.

Made with:

- Frame with **simple design** to improve cleaning operations.
- **Forks** made from bent sheet steel, **without external gaps**, for better cleaning operations and greater structural rigidity.
- **New version of the free lift mast** for better visibility and easy maintenance.
- **Lift group and cylinders** (including lifting chain, pulleys etc.) entirely made of stainless steel or **non-corrosive material**.
- **Stainless steel bearings, pins and bushes** on wheels, rollers and masts.

✓ **LOAD CAPACITY 800 KG**

✓ **SPECIAL DIMENSIONS ON REQUEST**

✓ **SPECIAL CONSTRUCTIONS UPON REQUEST**
